During this lockdown, I had learnt lots of things. I prayed for those people who are out there taking care of patients, like the doctors & nurses. I also prayed for God to protect my family from the virus because it's spreading all over the world. I miss going to school and Sunday school. I miss all my friends and teachers. I also miss learning new things in Sunday school like learning new songs and stories about Jesus.

Nolcen Odyuo, Primary class

Sunday school this year has really been a different one. Nevertheless, I've learned so much more, thanks to the wonderful teachers. I've attained so much for my spiritual growth as I could attend the Sunday service as well as learn from the lessons taught by our Sunday school teachers. Every Sunday my family would all gather together for online service and later on, I would read the lessons our teachers had prepared. Doing this every Sunday was literally the highlight of the week for me. Kudos to our Sunday school teachers as they prepare lessons even during these tough times. Your lessons have really made my bond with God so much stronger. Even though this is my last year of Sunday school, it will definitely be an unforgettable one.

Linovi Achumi, Senior class

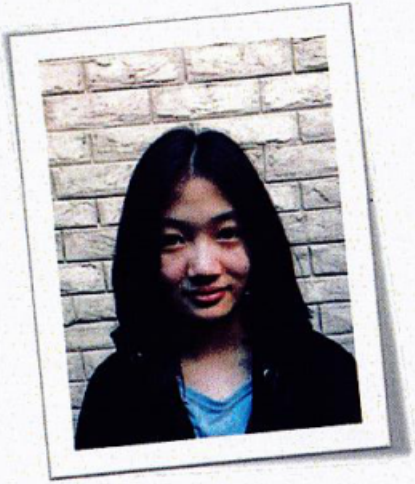

Dear teachers, first of all, I am very glad to God for keeping you all safe and though we may not have seen each other for long, you all have always been remembered in my prayers. Regardless of the situation we are facing, your hard work, sacrifice and determination in preparing lessons for us each Sunday is really appreciated and I thank you all so much dear teachers. I learnt a lot through the lessons, have understood them and the lessons have helped me as well. It's all because of you, dear teachers, that I'm able to stay strong and firm in the Lord. Your prayers have always been a strong support for me and have kept me on the track to Jesus. I'm really grateful. May God bless you all dear teachers. Forever in my prayers!

Esther T Ezung, Senior class

In these times of lockdown, many things have happened for me. It was an exciting time. I enjoyed staying with my sisters and my parents especially during the lockdown. We played board games as a family and outdoor games too, like seven stones, basketball, cricket, cycling, skating etc. I'm also trying to learn a bit of sign language. Online classes are fine for me and I study for atleast two or three hours a day. My aunt's house was the only house we could visit. One day, we even climbed Pulie Badze, it was so much fun. I have also learned to kneel down and pray and also learned A-Z memory verses. Our family worship together and we all participate. I helped Afo and my mother in the kitchen and I also watched lot of good movies.

Vithuka Hesso, Junior class

During this lockdown, my knowledge and understanding about the bible has grown and I have learned quite a lot. I realized through this lockdown, the power of prayer and faith. I often found it difficult to pray but I learned that prayer was just having conversation with God. I found comfort in talking with Him and sharing my doubts and worries. He is my personal counsellor. Through the lessons being sent every Sunday, I learned faith and the importance of having faith in Him. 1 Peter 5:7 "Cast all your anxiety on Him because He cares for you". I want to thank all the teachers for putting their time and effort every Sunday so that we can all learn something. Personally, I think that COVID-19 is not what we wanted but maybe this was what we needed, a time for us to pause, spend time with our family, get closer to God and build a stronger relationship with Him, a time for the earth to recuperate and be cleansed.

Shannon Odyuo, Intermediate class

The City Church Sunday School really is the reason why I am where I am today. And I mean that. Not that I am in a perfect-happy place today, but I know I could have been in the worst of places. And I don't know how I could have spiritually survived or even lived if not for it. To the teachers from beginners, primary, junior, intermediate, till senior, who loved, prayed, taught and cared for me--- you have opened my heart. Introducing and showing me a life, which was the ultimate 'Right'. The true constant purpose and vision that I should hold on to. The

many instinctively sinned and flawed nature of mine which they gently showed me and helped me work on. And the friends who inspired me to keep up with the right lifestyle. I will really miss all these grace years of Sunday School, but I'm taking it with me to face the world because they have prepared me. I have fought many battles through their teachings. I cannot promise where and how the branches will grow at times, but this one thing I can confidently say, the seed has been rooted. Your unfailing efforts and prayers have made an impact. And I know it's the ever love, teachings and prayers that has kept me surviving. And truly, from the whole of me, Thank you.

Zhavi Tsurho, Senior class

First of all, I want to thank the teachers for putting so much effort in teaching even through online lessons. I learnt many things even though it's online. I wish we could come to the church and have normal Sunday school classes. I really miss the activities we get to do and I hope we can come to church soon. I miss the kind teachers who have taught me a lot. I really miss singing songs and memorizing bible verses.

Vinani Achumi, Junior class

I am happy because I have a long life and I am also happy because I am not sick. I thank God for having a happy family. I thank God for going to Sunday School and I'm happy because God blesses me. I am happy because God loves me.

Martha Sangtam, Primary class

Sincerely, this year, we've spent most of the time staying at home because of the lockdown. I have experienced and learnt so much about modern technology staying home. I am grateful for the hardwork of our Sunday School teachers who sincerely work to make and upload their notes for each class. The stories of God inspire me a lot and those notes inspire me to be a better person.

Every Sunday, I get closer to God by reading and memorising Bible verses, and doing what the Bible says. But sometimes, I really miss my Sunday School mates and the days when we would go to different places for picnics. Also, how can I forget the wonderful days of celebration while we were in the Vacation Bible School and the songs we sang together.

I am very happy that our God is taking care of us. I thank the doctors, nurses, police officers, and the frontline workers who are controlling this pandemic and taking care of us in this pandemic. I pray that God would keep protecting them even when they are working or doing their job and shower His blessings to them and give them the wisdom and strength to protect us.

K.Setsuthung, Junior class

My God

God loves us endlessly

God made the universe and everything in it

God not only made the world

He gives water to those that thirst Food to those that hunger

Healing to the sick

God even raises the dead

Jesus travelled all around towns

Visiting homes and meeting people

God sacrificed His only son

To save us from sin

That is why my God is good

Loving, caring and my Saviour.

Chonjam Chaya Ezung, Primary class

First of all, I would like to thank all my Sunday school teachers for teaching me about God's word; from how God created the earth to the second coming of Christ. My journey from Primary till the Senior class on learning God's word and at the same time, having fun with all my friends and teachers, were awesome. Even though we couldn't attend Sunday School like usual this year, due to the pandemic, and as it was also my last year as a Sunday school student, I'm very blessed to continue learning about God in a, be it in a different way. I'll never forget all these wonderful days of Sunday School and all the fun we had together. God bless each and everyone of you.

Tiatemsu Jamir, Senior class

I am happy for having a good family. I am grateful for the food I eat. I thank God for having friends and going to school. I thank God for my good health. I pray God will bless my Sunday School teachers. Going to Sunday School teaches me about Jesus. I enjoy the Sunday School picnic and all other activities. For all the blessings God gives me I am grateful.

Aliasen Sangtam, Primary class

A.D. 2020

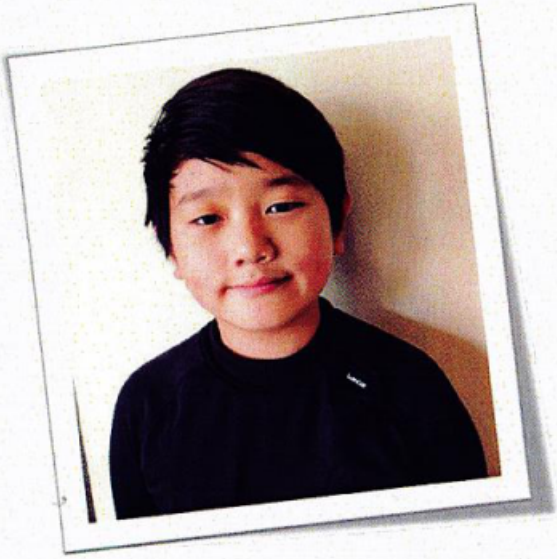

This year it was a very unusual year for me because of the Corona Virus and Lockdown. We couldn't go to school or Sunday School for many months, but we are very thankful to God for keeping my father and mother, my relatives and all my friends and teachers safe from the Corona Virus. On weekdays I do my online school work and Sunday School work on Sundays. In my free time, I practice my piano and also do some gardening. I sometimes go to meet my grandmother and grandfather. Sometimes I like to play basketball or do some art work. I always pray to God to take away this pandemic and pray for the sick to get well soon and that we can start our normal lives again.

Neksung Longkumer, Junior class

My 8 years of attending Sunday school have been really enjoyable and blessed. I've learned a lot of good things through Sunday school. I'm really grateful to God for giving me the opportunity to learn more about Him and has changed my perspective in life and moulded me to be a better person than I was before. Sunday school has been a huge part of my life and I will never forget the principles it has taught me

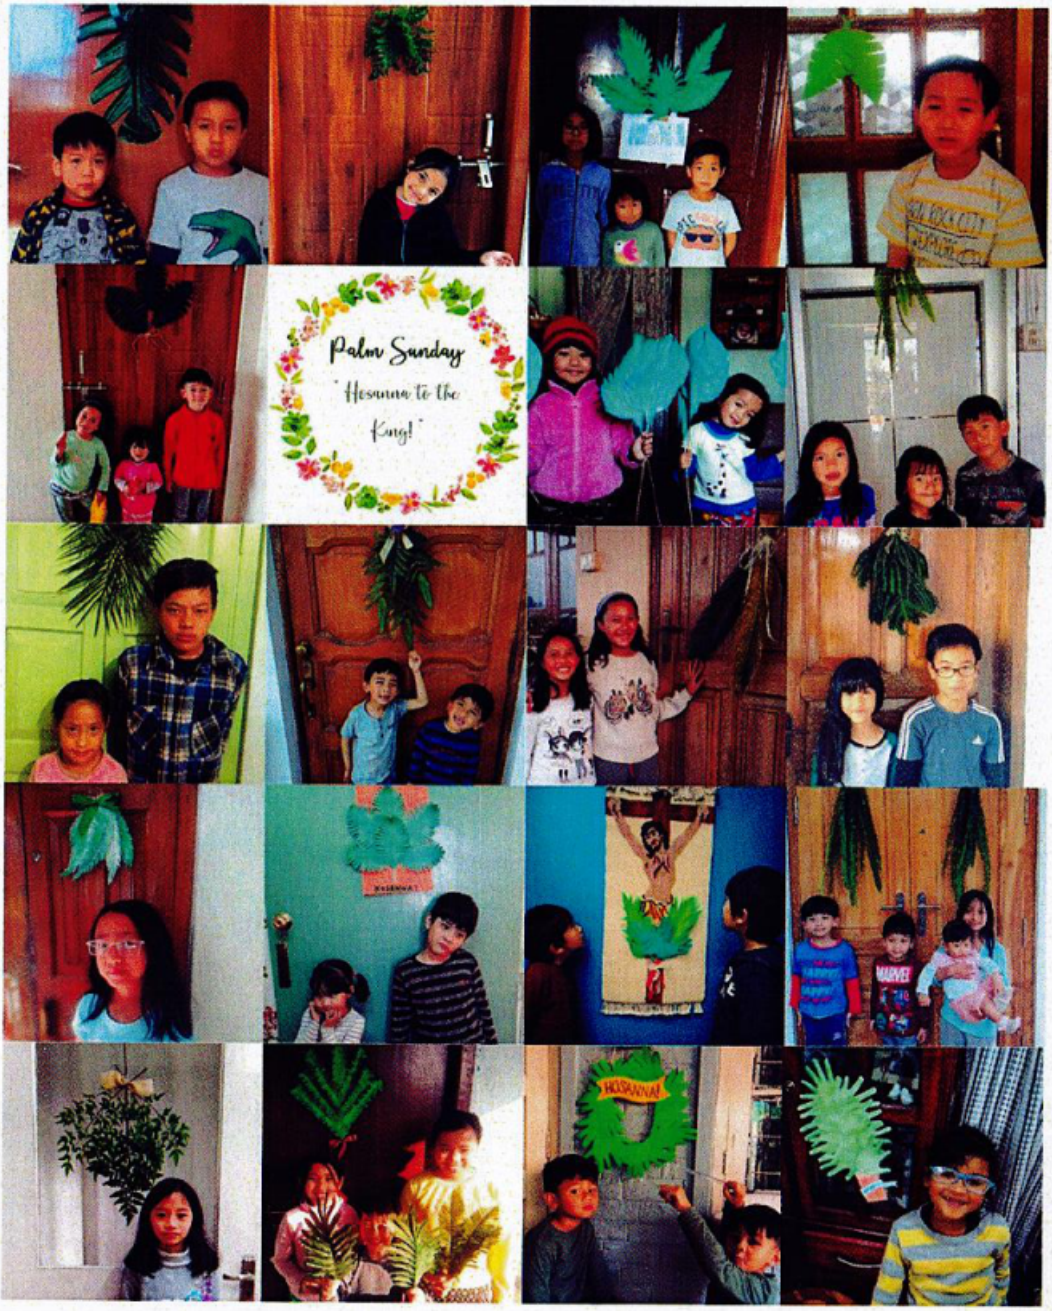

Yanchumbo Yanthan, Senior class

Life in this pandemic is hard because we can't meet family and friends and schools give massive homework thinking that because we are at home, we are free, but actually it is very hard to cope up, other than that life in the pandemic is pretty fine. God is helping us go through this tough time and Junior class helping us go through this tough time and we are learning new things because we are more at home now. This pandemic is good and bad but after everything God will help us throughout the day

Imlilong, Junior class

Palm Sunday
"Hosanna to the King!"

Dear Children,

Warm and loving greetings to all of you in the name of our Lord Jesus Christ.

Luke 2:52 says AND JESUS GREW IN WISDOM AND STATURE, AND IN FAVOR WITH GOD AND MAN.

It is our prayer and we are praying for all of you so that you will grow to be like JESUS everyday. by Praying, Reading the Bible, excercising, eating healthy food, being kind, loving, helpful and taking good care of yourself.

Have a blessed Christmas and wonderful holiday. Remember! "Christmas is all about Jesus Christ." Celebrate Jesus!

We love you all.
Sunday School Teachers
City Church.

To celebrate the birth of Jesus Christ our Savior, let us do this activity together on the 24th remembering each other in our hearts even if we may not be able to gather together physically this Christmas eve) as we adore God's greatest gift to us.
